

Clayton Park School

Letter from the Chairperson

Nga mihi mahana ki a koe

Thank you for your enquiry about the principal position at Clayton Park School.

Paul Wright, our incredible principal of 13 years, accepted the principalship at Matipo Primary School in Te Atatu. Paul's new appointment signaled change and opportunity for both communities. The Clayton Park School community has embraced the change and is well-prepared for the continuity of a quality education and outcomes for our children.

Our community is excited to appoint and support a new leader for our school, to build upon all that has been achieved in the past and to inspire an even greater future.

Our school has flourished as a result of an open, honest and high-trust working relationship between the Board and Principal. We will maintain the integrity of the Board of Trustees and will seek to appoint a school leader who will continue to exemplify the qualities expected of a high performing, functional and effective team.

The contents of the application pack should provide you with the relevant information about the school, the appointment process and who to contact for further assistance.

We welcome your application.

Nāku noā, nā

BJ Munro
Chairperson
Board of Trustees
