

# TARGET ROAD SCHOOL

## *WHĀIA TE ITI KAHURANGI*

Kia ora,

Ngā mihi nui for your interest in joining our kura. Target Road School has a very big heart and wellbeing of the ākonga, whānau, community and kaimahi is central to our actions. We aim to fulfill the potential of all who walk through our school gates.

Since joining TRS in May 2021 I have been amazed and delighted at the strength and support from the community that enables the kura to flourish. Our well established PB4L programme has made a significant difference and it is truly joyful to see the interactions between ākonga.

Our kura is at a stage of development and we are looking for someone to strengthen our collaborative practices, as a leadership team, amongst and within learning teams and within ākonga as they learn together.

We have a strong and supportive Kahui Ako that works well together and supports each kura on their journey. Our present within school roles are focussed upon Whakawhānaungatanga and Hauora. Our recent 3 year review of our strategic plan has highlighted the themes of:-

- Whakawhānaungatanga
- Hauora
- Turangawaewae
- Titoro ā mua
- Te Hiranga o te tangata

These themes will be incorporated into our annual plans over the next three years.

We have established a PLD plan which has collaborative inquiry at its heart. For the year 2022 our focus will be upon Early Literacy, Maths and Te Ao Māori. We will be utilising internal and external expertise to support these inquiries.

Our kaimahi, ākonga and whānau are all amazing and we are wanting someone just as fab to come and join us.

Kia ora, kia tau, kia pai, nā

Fina Hallman
